JOHN SAUL'S WASHINGTON NURSERIES.

WHOLESALE CATALOGUE

— OF —

Fruit, Evergreen and Ornamental

Trees, Shrubs, Roses,

— AND —

GREENHOUSE PLANTS.

For the Autumn of 1894 and Spring of 1895.

OFFERED FOR SALE BY

John Saul, Washington, D. C.

NURSERY: On Brightwood Ave. (7th Street Road).

INTRODUCTORY.

IN offering the present stock of FRUIT, EVERGREEN AND ORNAMENTAL TREES, SHRUBS, ROSES, GREENHOUSE PLANTS, ETC., the undersigned would remind his patrons that all have been grown with care, and the nomenclature of the Fruits, Roses, etc., may be relied upon.

Several new and valuable Fruits are offered. The quality of all is remarkably fine, whilst the prices are very moderate.

The articles in this Catalogue will be supplied at the prices annexed only when the quantity specified shall be taken. Five hundred will be supplied at the thousand rate, fifty at the hundred rate, and six at the dozen rate.

At the prices quoted the right of selection of Fruits, Plants, etc., is reserved; but the choice of the purchaser shall be adhered to as nearly as practicable. In no case will long lists of selected varieties be supplied at wholesale rates, but the usual discount allowed from retail prices.

Many small articles, such as Grapes, Strawberries, Greenhouse Plants, etc., can be forwarded perfectly safe, and at small expense, by mail.

In remitting for such articles a sufficient sum should be added over the cost to cover the expense of mailing.

Parties ordering should particularly state the route or conveyance they wish the goods forwarded by; otherwise they will be forwarded by the best known route—but he wishes it to be understood that he assumes no responsibility after they are delivered to the forwarders.

Packing executed in the best manner, for which a charge is made sufficient to cover the expense.

This Catalogue annuls all former prices.

At these prices, terms of payment must invariably be cash.

JOHN SAUL.

RESPONSIBILITY.

We employ no Agents or Peddlers, and will not be answerable for any articles unless had direct from the establishment.

Dealers purchasing from us sell upon their own responsibility. We likewise disclaim any liability for results arising from defective planting or at improper seasons, or from subsequent faulty treatment and cultivation, and are not in any respect responsible for any loss or damage arising from any failure thereof.

While we exercise the greatest care to have all our trees and plants true to name, well grown, and packed in the best possible manner, and hold ourselves in readiness, on proper proof, to replace all trees or plants that may accidently prove untrue to label, free of charge, or refund the amount paid therefor, it is mutually understood and agreed to between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees or plants that prove untrue.

Our reputation for upright dealing, and the high quality of our stock—in Trees, Plants, &c.—the result of more than thirty years' business experience, is the best and only guarantee to our patrons.

JAPANESE PERSIMMONS.

The finest and most reliable varieties	40	4 00

PYRUS MAULEI.

This desirable new fruit has been introduced into England from Japan. It is allied to the Japan Quince. "The fruit is the size of a moderate quince, of a bright apricot color, and makes a rich preserve" 25 2 50

MYRICA RUBRA—New Japanese Fruit.

This evergreen fruit-bearing tree is indigenous to Japan. It is a native of the southern parts, attains a height of forty to fifty feet. The foliage, which is evergreen, resembles the magnolias, and is of a firm, leathery texture. The fruit blossom appears early in spring, and the fruit ripens during the month of July. It resembles in shape a firm blackberry, an inch long, by three-fourths of an inch in diameter. It contains a single seedstone of light weight. There are two varieties of this fruit. The one is a dark red, almost black, the other a light rose, which is superior even in flavor to the dark. The fruit is highly flavored, vinous and sweet, and answers all purposes our blackberry is put to. It is delicious as a dessert fruit, makes a fine preserve, jelly or jam. The juice extracted from it may be taken as a refreshing beverage in its fresh state, and after being allowed to ferment produces a fine wine..... 50

ELÆAGNUS LONGIPES.

	Ea.	Doz.	100
"The fruit is oval, five-eighths of an inch or more in diameter, very fleshy and juicy; bright red and drooping on slender pedicels on the under side of the twigs, and borne in immense profusion. Ripe 4th to 10th July. We use for sauce as one would cranberries, and a delicious sauce it makes, especially for children. Indeed, I like it so well that I have planted it in our fruit garden as a standard crop, as one would currants. Native of Japan."—W. Falconer	$ 25	$2 50	$

The Prices for the Remaining Classes in this Catalogue

ARE FOR AUTUMN ONLY.

When any of the following plants are ordered by mail a sufficient sum must be remitted to cover the expense of mailing. Orders for less than One Dollar's worth not accepted. No charge made for boxing and packing when sent by Express.

ROSES.

The Roses are on their own roots, except the newer kinds, and such varieties which, from experience, have been found to succeed best budded.

NEW ROSES.

Price, 25 cents each; $2.50 per dozen (save where priced).

MISCELLANEOUS PLANTS.

When ordered by mail a sum to be added sufficient to prepay postage.

DAHLIAS.

The collections of Dahlias embraces all the new varieties worth cultivating, which have appeared in Europe the past season among show flowers, Fancies, Pompones, Bedders, etc. Have taken first prize wherever exhibited.

Price.—New varieties, pot roots, (my selection,) $1.50 to $3 per dozen. Standard varieties, (my selection,) $1 per dozen, $8 per hundred.

CHRYSANTHEMUMS.

Chrysanthemums, including the fine Japanese Novelties, with the large varieties, Anemones, Pompones, Lilliputians, etc., etc.

Price.—New varieties, 20 cents each, $1.50 per dozen. Fine Standard varieties, my selection, 15 cents each, $1 per dozen, $6 per hundred. Purchaser's selection, 20 cents each, $1.50 per dozen, $7 per hundred.

MONTHLY OR TREE CARNATIONS.

Large plants, from open ground, (middle to end of September), $1.50 per dozen, $8 per hundred.

Large plants, after October 1st, from pots, $2 per dozen, $10 per hundred.

CROTONS.

A very rich collection, see Catalogue 6.

4 inch pots 25 cents each, $2.00 per dozen; 5 inch pots 40 cents each. $4.00 per dozen. Specimen and half specimen plants, extra price.

TUBEROUS-ROOTED BEGONIAS.

Tuberous-rooted Begonias grown from seed saved from the finest varieties in our collection, one of finest in the United States; 3 inch pots $1 per dozen; $7 per hundred.

MISCELLANEOUS PLANTS—Continued.

PERENNIAL PHLOXES.

An extensive collection of the finest Phloxes, $1.00 per dozen, $8 per hundred.

LILIUMS.

Auratum. — Imported, supplied in November, extra selected $10 per hundred. First quality $8 per hundred.

Speciosum—Extra selected $10 per hundred.

Album—Extra selected $12 per hundred.

Longiflorum—Extra selected $7 per hundred.

Not less than fifty at above rates.

GERANIUMS.

Double Geraniums.—General collection, my selection $1 per dozen, $6 per hundred.

Zonale and Nosegay.—From general collection, $1 per dozen, $6 per hundred.

Golden-leaved and Bronze Zoned.—$1 per dozen.

AZALEA INDICA.

Our collection of Azaleas is large and well grown, comprising the finest English and Continental varieties—all flowering plants (my selection).

PREMIUMS.

FOR PEARS.

I have taken Premiums as follows for Collections of Pears, which will give our patrons some idea of the varieties and quality of the fruit I grow.

AMERICAN POMOLOGICAL SOCIETY, Richmond, Va., September, 1871; Boston, Mass., 1873; Chicago, Ill., 1875; Baltimore, Md., 1877; Rochester, N. Y., 1879. Bronze Medals for a large and superior Collection of Pears.

MARYLAND HORTICULTURAL SOCIETY, Baltimore, September, 1875, First Premium for the largest and finest Collection of Pears; also in 1876, 1877, 1878, 1879 and 1880.

PENNSYLVANIA HORTICULTURAL SOCIETY, Philadelphia, September, 1876, First Premium for a large and superior Collection of Pears.

FOR PLANTS AND FLOWERS.

I was awarded the following Premiums at the CINCINNATI INDUSTRIAL EXPOSITION:

FIRST PREMIUM—"Best Group of Crotons."
FIRST PREMIUM—"Best Single Specimen of Croton."
FIRST PREMIUM—"Best Group of Dracænas."
FIRST PREMIUM—"Best Group of Marantas."
FIRST PREMIUM—"Best Single Specimen of Maranta."
FIRST PREMIUM—"Best Single Specimen of Dieffenbachia."
SECOND PREMIUM—"Second Best Group of Variegated Foliage Plants."
FIRST PREMIUM—"Best Single Specimen Variegated Foliage Plants."
SPECIAL PREMIUM—"For Davallia Mooreana."

I have also been awarded, for several years, leading Premiums by the MARYLAND HORTICULTURAL SOCIETY and DISTRICT OF COLUMBIA HORTICULTURAL SOCIETY, for DRACÆNAS, CROTONS, FOLIAGE PLANTS, STOVE AND GREENHOUSE PLANTS, FERNS, ETC. In CUT FLOWERS for DAHLIAS, ROSES, PHLOXES, HERBACEOUS PLANTS, ETC.

At the NATIONAL FAIR ASSOCIATION, Washington, D. C., I have also been awarded the leading Premiums.

JOHN MURPHY & CO., PRINTERS, BALTIMORE.
